

Note: all roads indicated in Map 1 to Map4 were manually digitized by D A Parent from HRO (6-inch resolution) and NAIP (1 meter) orthorectified imagery from USGS representing 2009 or earlier remote imagery in the Public Domain.

Map by: D A Parent, 2012

CR 142 is the correct public route to the Shafer Trail (maps showing the route through Potash factory lands are erroneous). Note that at no time do you traverse evaporator ponds (private lands)
